Our
SHARED VISION

We believe God has brought the nations to Toronto. Together, we will pray, equip, welcome, and proclaim the Gospel so that Muslims, Hindus, Sikhs, and other unreached peoples, have the opportunity to become devoted followers of Jesus Christ. As we do, we will help every church become a gateway to the nations God has brought to Toronto.

Toronto is one of the most diverse cities in the world. God has brought people from every nation, language, and culture-including many from the least-reached people groups-to our neighborhoods, schools, workplaces, and communities.

The Open Toronto Initiative exists to help churches embrace this unique opportunity by equipping and mobilizing followers of Jesus to intentionally reach Muslims, Hindus, Sikhs, and other unreached peoples with the hope of the Gospel

The Open Toronto Initiative is a collaborative effort of ABWE Canada, FEB Central, and ABWE EveryEthne. While this partnership is primarily intended for FEB Central churches, we warmly welcome participation from any like-minded evangelical church that affirms the authority of Scripture, the centrality of the Gospel, and shares our commitment to making disciples of all nations.

Each partner church establishes its own ministry parameters in collaboration with the Open Toronto team.
